

Q3 CAMPAIGN · REELS & CAROUSELS

This is the **place.**

Twelve reels and six carousels, across three months. The thread underneath them all is one idea: **the things you don't think are connected, sleep, energy, your back, your mood, all come back to movement.** Mixed formats, mostly shot in the gym, led by the floor trainers.

FOR THE TEAM

Three months, **one thread.**

The campaign runs all quarter under **This Is The Place**. Each month leans on a different part of the same idea, so it stays fresh and builds. The carousels (6) sit alongside, two a month roughly, half designed and half photo. We deliberately run the **key points across formats** — a designed graphic and a trainer explaining the same thing — to drive them home cheaply. Look for the green 'drive it home' line.

Month 1 • Feel It **Again**

The body and how you feel.

01 Feel Strong Again · 02 More Energy · 03 Sleep Better · 04 It's All Connected (the film)

Month 2 • It's All **Connected**

Why movement fixes more than you think. Trainer-led.

05 Find Your Spark · 06 The Aching Back · 07 Switch Off · 08 For The People You Love

Month 3 • Never Train **Alone**

The place and the people. Floor-trainer authority.

09 Never Alone · 10 Meet The Trainer · 11 Ask The Floor · 12 The Team That Moves

01 Feel Strong Again

“Want to feel strong again?” → **This is the place.**

MONTH 1 · FEEL IT AGAIN · TEXT ON SCREEN · NO NARRATOR

WHAT IT'S ABOUT

Strength isn't a look, it's what keeps your life easy as you age. Modelled on your best-performing reel right now (grip that opens jars at eighty, stairs without a handrail). Carried by on-screen text, not a voice.

SCRIPT

On screen: “Strength isn't a look.”

On screen: “It's the jar that opens at eighty. The stairs you take without thinking.”

On screen: “Want to feel strong again?”

On screen: “THIS IS THE PLACE.”

VISUALS

- A member training, a real, focused set.
- A trainer adds a plate, a nod of respect.
- An everyday strength moment, lifting a child, carrying with ease.

CAPTION

*Strength isn't for the mirror, it's the grip, the stairs, the energy to keep up with your life for decades. **It's all connected to movement.** This is the place.*

02 More Energy

“Tired all the time?” → **This is the place.**

MONTH 1 · FEEL IT AGAIN · SILENT · TOLD IN TEXT · KISUMU (NO CREW)

WHAT IT'S ABOUT

A simple little story with no dialogue: someone arrives tired, trains, leaves lighter. Honest, no false promises. The simplest piece in the set, made for Kisumu where there's no crew.

SCRIPT

On screen: “She came in tired.”

On screen: “She almost didn’t.”

On screen: “She left lighter.”

On screen: “Energy isn’t found. It’s built. THIS IS THE PLACE.”

VISUALS

- Someone walking into the gym in the morning, heavy, tired.
- A simple workout, a class warming up.
- Walking out lighter, a small, real smile.

CAPTION

| *She came in tired and left lighter. The tiredness that won't lift isn't fixed by rest, it's fixed by moving. This is the place.*

03 Sleep Better

“Sleeping badly?” → **This is the place.**

MONTH 1 · FEEL IT AGAIN · NARRATED (VOICEOVER) · LIGHT

WHAT IT'S ABOUT

A trained body sleeps. Short and honest, one of the few that uses a narrator.

SCRIPT

Narrator: “A busy head doesn't switch off on the couch.”

Narrator: “But a body that's worked is a body that sleeps. Tire it the right way, and the nights get quiet.”

On screen: “Sleeping badly? THIS IS THE PLACE.”

VISUALS

- A hard session, honest effort.
- A spent, calm face after the last set.
- A relaxed walk out into the evening.

CAPTION

| *The nights you lie awake aren't a sleep problem, they're a movement problem. **It's all connected to movement.** This is the place.*

04 It's All Connected

“It all feels separate. It isn’t.” → This is the place.

MONTH 1 · FEEL IT AGAIN · NARRATED MONTAGE · THE CAMPAIGN FILM

WHAT IT'S ABOUT

The anthem that opens the campaign and says the whole idea out loud. Names the problems, pulls them into one thread, movement.

SCRIPT

Narrator: “Bad sleep. An aching back. No energy. A short fuse. No drive.”

Narrator: “You think they’re separate. They’re not. They all trace back to one thing. Movement.”

On screen: “It’s all connected to movement. THIS IS THE PLACE.”

VISUALS

- Quick cuts of real training, faces mid-effort, the floor alive.
- The crew, the iron, a class, the energy of the room.
- End wide on the room, full.

CAPTION

*Bad sleep, back pain, low mood, no drive. They feel separate. They’re not. **It’s all connected to movement, and this is where it starts.** This is the place.*

Drive it home · Also runs as carousel **C3** (It's All Connected).

05 Find Your Spark

“Waiting to feel motivated?” → **This is the place.**

MONTH 2 · IT'S ALL CONNECTED · TRAINER TO CAMERA · EXPLAINER

WHAT IT'S ABOUT

The science people get backwards. We think motivation comes first, then we act. It's the opposite: motivation usually comes AFTER you start. A trainer explains it plainly, with class and exercise footage cut in. Don't go too deep.

SCRIPT

Trainer: “Most people wait to feel motivated before they train. That's backwards.”

Trainer: “Motivation doesn't come first. You move, and it follows. The action creates it.”

On screen: “Don't wait for it. Start, and it shows up. THIS IS THE PLACE.”

VISUALS

- Trainer to camera on the floor (Delta Chambers).
- Cut to a class mid-energy, a swing, people exercising.
- Back to the trainer, then faces lit, the room moving.

CAPTION

*We get it backwards. We wait to feel motivated, then act. But motivation usually shows up after you start moving, not before. Stop waiting. **It's all connected to movement.** This is the place.*

Drive it home · Same point as carousel **C1** (Motivation Is A Myth) — the graphic and the trainer explaining it.

06 The Aching Back

“Back always aching?” → **This is the place.**

MONTH 2 · IT'S ALL CONNECTED · STORY · LIGHT DIALOGUE

WHAT IT'S ABOUT

A small story. An office worker's back hurts, pain pills don't fix it, they meet a trainer, do simple coached strengthening, and weeks later move better. Carefully framed, not a cure, not medical advice, just that moving and getting stronger often helps and protects the back.

SCRIPT

On screen: “Day after day at the desk.”

Scene: A pain pill. Still stiff.

Scene: Meets a trainer, points at the lower back. The trainer shows a simple, careful move.

On screen: “A few weeks later.” — moving easier.

On screen: “Movement builds the back that holds you up. THIS IS THE PLACE.”

VISUALS

- An office desk, a wince, a hand on the lower back.
- The pill, no real relief.
- A trainer guiding a careful strengthening move (DC).
- Weeks later, the same person moving easier, a small relief.

CAPTION

Most everyday back pain isn't damage, it's a body that sits too much. Getting stronger, gently and coached, often eases the ache and helps protect your back. Not a cure, just movement doing its job. This is the place.

Drive it home · Same theme as carousel **C2** (Why Your Back Aches) and the video carousel **C6** (3 Moves).

07 Switch Off

“Can’t switch off?” → **This is the place.**

MONTH 2 · IT’S ALL CONNECTED · TEXT ON SCREEN · THE PHONE ANGLE

WHAT IT’S ABOUT

The stress reel, told a different way to the yoga/office one you already have. This one is built on the phone, the calls and WhatsApps that won’t stop, and the gym as where it finally goes quiet.

SCRIPT

On screen: “The day doesn’t stop.” — a phone filling with notifications and calls.

On screen: “The messages. The calls. The noise.”

Scene: The phone goes in the locker. A hard session.

On screen: “For one hour, it can all wait. THIS IS THE PLACE.”

VISUALS

- A phone screen flooding with notifications and missed calls, close-up.
- The phone locked away.
- A hard, absorbing session.
- A calmer face, a real exhale.

CAPTION

*The messages don’t stop, but for one hour they can wait. Stress doesn’t leave on the couch, it leaves on the floor. **It’s all connected to movement.** This is the place.*

08 For The People You Love

“Who are you really doing it for?” → This is the place.

MONTH 2 · IT'S ALL CONNECTED · NARRATED + TEXT · OPTIONAL GUIDED INTERVIEW

WHAT IT'S ABOUT

The reason beyond the mirror. A mother (or an older member) who trains for the energy to be there for her people. The mirror moment, reframed: not about looks, about being around, and able to be around, for the ones who need you.

SCRIPT

Scene: On the treadmill, doing exercises, a glance at the mirror.

Narrator: “This was never about the mirror.”

Narrator: “It’s the energy to keep up with your kids. The years to be there. To be around, and able to be around, for the people who need you.”

On screen: “Who are you really doing it for? THIS IS THE PLACE.”

VISUALS

- A mother training with intent.
- The mirror glance, then she keeps going.

“First day, and the room feels big?” → This is the place.

MONTH 3 · NEVER TRAIN ALONE · STORY · MUSIC SHIFT (TENSE → WARM)

WHAT IT'S ABOUT

A new member walks in unsure and intimidated (tense music). A floor trainer notices and comes over, the music lifts, they work together, other members welcome them, and it ends in the energy of a class. The community arc, and the proof you're never alone on the floor.

SCRIPT

10 Meet The Trainer

“When did a gym last ask about your plan?” → This is the place.

MONTH 3 · NEVER TRAIN ALONE · EXPLAINER · LIGHT DIALOGUE · REAL

WHAT IT'S ABOUT

Promote the real thing: at Afrofit you meet a trainer who goes over YOUR plan, every month. A genuine differentiator and the floor-trainer value, made concrete. Show a real plan meeting (DC).

SCRIPT

On screen: “Most gyms hand you a key and wave goodbye.”

Scene: A member sitting with a trainer, going over a simple plan, talking.

Trainer: “Every month, we sit down and look at where you're going.”

11 Ask The Floor

“Why does this muscle matter?” → This is the place.

MONTH 3 · NEVER TRAIN ALONE · TRAINER TO CAMERA · EXPLAINER · AUTHORITY SERIES

WHAT IT'S ABOUT

The authority piece, modelled on your best-performing educational reels (the 'glutes are a longevity organ' voice). A floor trainer explains a specific exercise and why that muscle matters, plainly and credibly. A recurring series that makes Afrofit the leader. The trainer is helping real members, not lecturing.

SCRIPT

Trainer: “People skip this one. It's the muscle that keeps you walking at eighty.”

Trainer: “Train it right and your back, your knees, your balance all thank you.” — correcting a member's form, encouraging.

On screen: “The floor trainers who actually know. On every session. THIS IS THE PLACE.”

VISUALS

- Trainer to camera demonstrating the move.
- Cut to the trainer correcting a real member's form, encouraging them.
- Members training around, the floor alive.

CAPTION

The muscle everyone skips is the one that keeps you strong for life. Our floor trainers know which ones matter, and they're on every session to show you. This is the place.

12 The Team That Moves

SCRIPT

Scene: A team arriving together, lanyards off, laughing.

Scene: Training together, encouraging each other, having fun.
